Hello Aaron and David, I hope all is well!

On behalf of Corteva Agrisciences, I would like to submit for consideration and compilation with others, two nominations for the JMPR Schedule to be discussed at CCPR-53.

1. **New Compound for Proquinazid (JMPR-2023)**
2. **New Uses for Fluazaindoline (JMPR-2024)**

See attached the nomination forms, let me know if further clarification, or more data is needed. Also, please let me know if I should also notify these two nominations directly to Codex's e-portal for eWG-JMPR Schedule, and/or Master Scheduler- Karina Budd.

Side Comment: Fluazaindoline (new nematocide, cited above) is scheduled for JMPR 2021 review as New Compound, based on ongoing first time registration at EPA and PMRA. It will be great if we could have US-label approved before CCPR-53 (PRIA date indicated approval 1stQ, 2021). PMRA is on a similar timeline and label approval is expected in Jan.2021. I know that Mike Doherty and Monique Thomas have been working towards harmonization of Residue Definition and MRL for this new compound, in case that you need to touch basis with either of them.

Many thanks and best regards,

Carmen Tiu

Subject: RE: U.S. CCPR Interest Group - October Kickoff Meeting for CCPR-52

Dear U.S. CCPR Interest Group,

We look forward to speaking with you today and have attached the meeting agenda for your reference (this can also be found attached to the meeting calendar notice).

We have also previously shared the CCPR Schedule/Priority List broadcast letter for new nominations for 2022 and beyond (issued by Karina Budd of the Australian Delegation). This letter is attached for your reference, along with the current CCPR Schedule/Priority List.

As we with previous years, the U.S. delegation will coordinate submission of U.S. nominations. If you are interested in making a nomination, please let the U.S. Delegation know as soon as possible and review the broadcast letter and addition instructions below.

U.S. Stakeholder Instructions

The Codex Electronic Working Group (eWG) on Priorities has requested additional nominations to the Priority List of Pesticides from the U.S. Delegation, to be considered at the next CCPR meeting. Nominations are due to CCPR by **November 30, 2020**.

Please aim to submit nominations to the US Delegation on or before **Friday, November 8, 2020**. To submit a nomination for consideration by the US Delegation to CCPR, please respond electronically to David Miller (Miller.DavidJ@epa.gov) and Aaron Niman (Niman.Aaron@epa.gov) and fill out the attached nomination form ("Nomination Form for CCPR Blank.doc"). Please also review the draft Priority Lists of Pesticides attachment for any updates (commodities, field trial information, etc.) or opportunities to reschedule currently scheduled compounds.

Information on the CCPR schedule and priority list is provided in the attached letter and Excel spreadsheet and also available on the "**CCPR-Priorities-2019**" Forum on the [Codex IT Platform](#). As described in the eWG broadcast letter and summarized below, the 2020 schedule is closed and open for nominations for 2020 and beyond.
